LONGHORN

CABERNET SAUVIGNON

VINEYARDS OF UPPER RANGE, NAPA VALLEY

2021

INAUGURAL RELEASE

“Longhorn shows a definite mountain profile—a lot of structure and texture, a lot of darkness. For me, it’s mountain: very masculine... raw and powerful. With this, we’re being mindful of the management of oak and lengths of aging. But we don’t do too much magic; we’re very classic. This is a place that didn’t have vines before, so at eight years from planting, we’re at full discovery, which is very exciting.”

—Julien Fayard, WINEMAKER
